## Plastic Dolly PD 150

**SILENT MASTER**  
HANSEN®

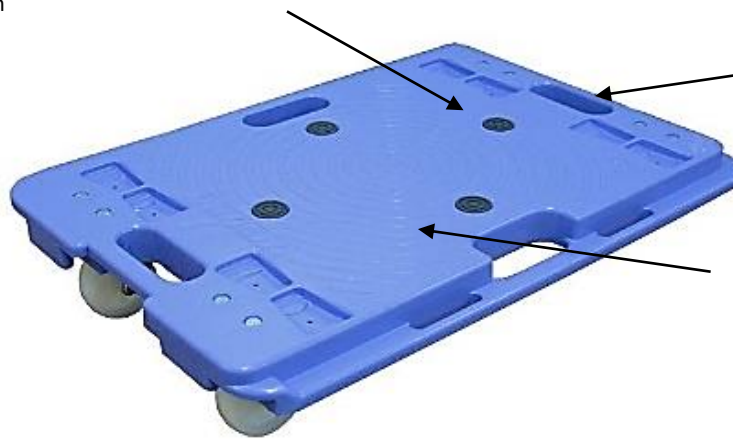

Rubber pads prevent the cargo from sliding

Can be put together in length and width with a smart "click-system"

When the plastic Dolly's is not in use they can be easily stacked on top of each other

Built-in handles

The plastic plate does not rust and is easy to clean

Smooth-running, quiet and non-marking wheels makes the trolley can run anywhere
